# Disclaimers

- We make every effort to match colors, but because of unique pearl coats on paint we can not guarantee a 100% match.
- While our threads are UV treated it does not mean they are fade-proof. Acid rain and cleaners other than mild detergent will accelerate the fading process. We do not guarantee a life time for the color.
- Custom embroidery work will incur a digitizing fee. This includes changing the size of logo to place somewhere on the seat other than our normal locations. Digitizing fees will also be assessed for custom fonts, if the font is not found on our website we will have to charge a fee. Please note that some fonts are copyrighted and require an expensive license to use, New Image may be able to find a similar font to digitize but we can not guarantee that.
- Although we usually operate with a quick 2-3 day turn around several factors may effect that and include but an not limited to: special order fabrics, custom digitizing for embroidery, the quality of the seat when we receive it, etc.
- We are always trying to keep our options up to date, but we have been affected by discontinued fabric lines before. New Image will try its best to find suitable replacements when this happens. It is best to call us prior to shipping your seats and do a quick review.

Thank You For Your Business!
